welcomed the second victory in a row of the Trophy for **Massimo Dante**, who ended equal on points with **Hold**, but had the best discriminant of the qualifying time.

Flavio Sani was third in the Trophy. This great success rewarded the quality of the work completed by Maranello Kart's engineers and drivers and confirms the value of the material produced by the Italian company.

Massimo Dante and **Christoph Hold** have been very competitive since qualifying, where they posted the second and third quickest time behind Lanzeni. **Dante** won the

Prefinal from **Hold**. In the Final, **Hold** has been irresistible in the closing laps when he managed to find his way past **Dante** and kept the lead until the chequered flag. **Flavio Sani** had to recover from P13 up to P4 of Prefinal, before ending the Final in third place. **Sani** tried to sneak P2 from **Dante**, but after a first attempt positions crystallized with **Dante** ending second and **Sani** third. **Andrea Ceresoli** was also very quick but got involved in an incident at the beginning of the final and closed his effort in P23 due also to a penalty.

Luca Giammattei was 17th in KZ2, **Paolo Rocca** 19th. **Gabrio Bizzozzero** claimed a great P7 in Shifter Rok, while the German **Nico Jocker** was also among the quickest but a 10s time penalty relegated him to P13.
